

DCI's Mission

Distressed Children International (DCI) is a US registered charitable non-profit organization whose mission is to provide for the basic needs of distressed children and give them the opportunity for education, healthcare and future economic possibilities. DCI also seeks to provide American children the opportunity to develop leadership qualities and positive life skills by involving them in volunteerism.

DCI's Vision

DCI envisions a society where underprivileged and disadvantaged children have equal access to basic human amenities, including education, healthcare, food, shelter and economic opportunities for a secure and prosperous life. DCI hopes for a day in which child labor will be eliminated globally. DCI also has a vision of a society in which privileged children act as responsible young citizens and compassionate givers, leading the world to peace.
